New joinery / cupboards in E3 & E4 (1O & 1S)

Musical instruments

Principal's Report

P. and F. Meeting 8th March 2011

- Welcome everyone to our goal setting meeting for 2011. Congratulations to our 2011 executive on their appointment. Thank you for taking on these roles.
- Our school board for the first time this year last Tuesday. We revisited all our school policies and decided our first priority for the year will be formulating a bully/positive behaviour policy.
- Congratulations to Miss Sonya Daniels who will be taking on the APRE role at St Patrick's from term two as Mrs Rebecca Roberts will be on maternity leave for the remainder of the year.
- Many schools from across Australia have been extremely generous to our school in regard to offering money for flood relief. This money is being used to assist families with uniforms, books and school fees.
- We are currently in the process of having the following projects done at St Patrick's: new shadecloth between the blue and maroon shades, the cementing of the area under the blue shade, the placing of four new speakers in the undercover area and new eating tables in the year 6/7 area and at the bus shelter on Borilla Street.
- The year 5 to 7 swimming carnival was extremely successful with very high participation from all our children. Moore house was the Points Champion and Kennedy received the Spirit award. Thank you to Miss Anna Young, our PE specialist for organising this carnival.
- The uniform shop has been air conditioned by Enwise Electrical for no cost. Thank you to Justin Scutt and his men.
- Next week, on Tuesday 15th March the school will be celebrating St Patrick's feast day with a whole school mass, class buddying activities and a dance afternoon.
